

open**en**mod

open energy
modelling **initiative**

What is the openmod initiative?

A bottom-up grass root initiative set up in 2014.

- 1) A **network** to exchange ideas and join forces
 - 2) An **interest group** to lobby for transparency and spread the idea of open source / open data
 - 3) A **platform** to share information, code, and data
- ... what **we** make out of it

What we have archived since October 2014

- we are still around
- grown and internationalized
- logo, website, flyer
- email list up and living
- interaction with funding bodies, open knowledge foundation, Fraunhofer Fokus, ...
